# Assessment Wizard

---

***A UNIQUE pioneer break-through software  
innovation in  
Students' Assessment in PNG.***

*A cutting-edge software tool for teachers to  
Accurately assess up to 10,000 students within  
seconds as well as providing information to Grade 8 teachers at preparing  
their students for the national examinations.*

*Has testimonies of helping primary schools to excel  
academically.*

### What is the Assessment Wizard?

- Assessment wizard is a software template that automates the Microsoft Excel Spread Sheets to process all the students' assessable task marks and deliver students' report cards and assessment information for the teachers and schools' administrations to plan better to ultimately help improve the academic performances for students in all grades from grades 3 to 8.

### Is assessment wizard same as the formula method used on Microsoft Excel Spread Sheets?

**The answer is NO.** The assessment wizard does not use the formula method technique in producing students assessments.

What is a Formula method on Excel Spread Sheet?

FORMULA METHOD IN PRODUCING ASSESSMENTS

Names	Marks	Rank	Percentage(%)	Grade
Benson	100	1	100	A
Andrews	99	3	99	A
Jackson	98	4	98	A
Navasiki	77	7	77	B
Dula	67	8	67	C
Raxon	67	8	67	C
Devon	98	4	98	A
Andrias	78	6	78	B
Petrus	66	10	66	C
Lukas	35	12	35	F
Dellias	100	1	100	A
Ravox	50	11	50	D

FORMULA METHOD CURRENTLY USED BY SCHOOLS

VB Demo

VISUAL BASIC METHOD

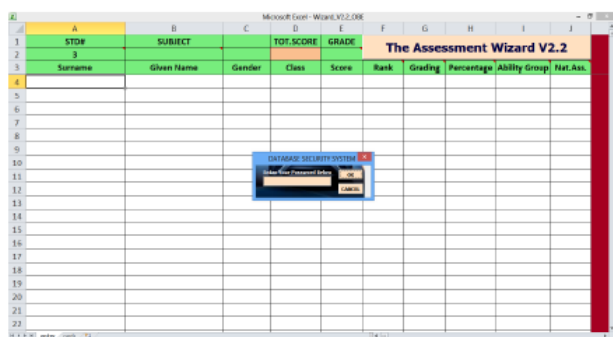

The formula method uses excel formulas that can be typed by users on excel formula bars in order to help manipulate data in a certain way in order to achieve a certain result. There are many limitations in using this method on students' assessments. Many things will still have to be done manually in order to come up with a complete student assessment. As a result the Assessment Wizard is designed to address what 'Formula Method cannot address effectively.

NO	Description	Formula Method	Assessment Wizard
1	Can produce ranking, grading, percentage calculation, ability grouping (using standard deviation), national cut-offs	YES	YES
2	Can automatically generate results set for REPORT CARD generation automatically for each child	NO	YES
3	Can automatically produce top 10 students per subject, per grade with ease with use of just button clicks	NO	YES
4	Can automatically create backups of important students data	NO	YES
5	Formulas can be TEMPERED so can negatively affect results. Any body can temper the formulas which can cause errors in calculations	YES	NO Codes are locked and cannot be tempered with. Protecting important processing method.
6	Can automatically produce averages per subject, per grade	NO	YES
7	Only people who know how to use formulas can use the formula method	YES	Anyone can achieve a complete assessment for all grades in all subjects with ease

NO	Description	Formula Method	Assessment Wizard
8	Will have to have many spread sheets for all subjects per grade to have a complete assessment	YES	NO Very simple to use with only one sheet to process everything
9	This method is user-friendly and easy to use for people with limited computing knowledge to have a complete assessment done for the entire school.	NO	YES
10	Can combine easily all subject scores from terms 1 to 4 with just a few button clicks and automatically generate a final report	NO	YES
11	Can automatically produce termly report cards or period report cards	NO	YES
12	<b>The template is preset and will never be tempered. Runs the same computer instructions without having to be manipulated by user.</b>	NO	YES
13	The program will speak to the user all through the entire assessment process as part of the user-friendly in-built capability	NO	YES
14	Can be used to run/process grade 8 mock exam marks for preparing grade 8 students for the final exam	YES	YES
15	The software reduces the assessment burden with great efficiency	35% efficiency	95% to near 100% efficiency in assessment processing and

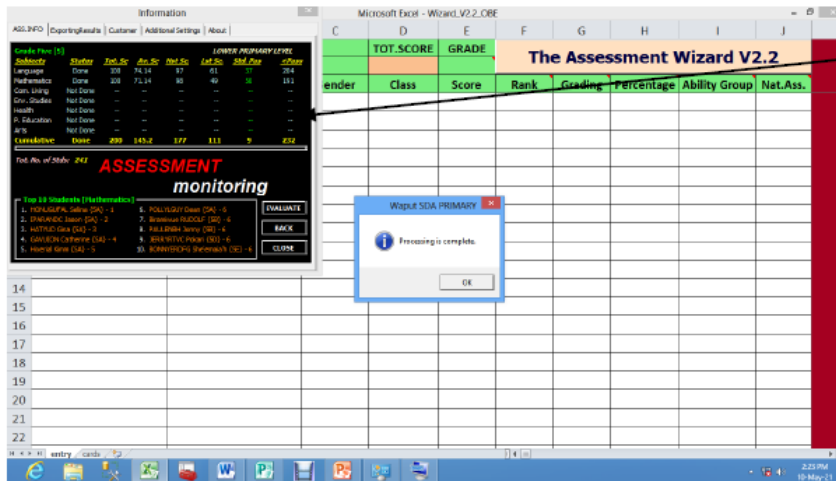

#### FEATURES OF THE ASSESSMENT WIZARD

A) The software is password protected. This protects the important data that is set for processing or is stored within assessment wizard. The wizard can only be operated when the right password is entered into the system.

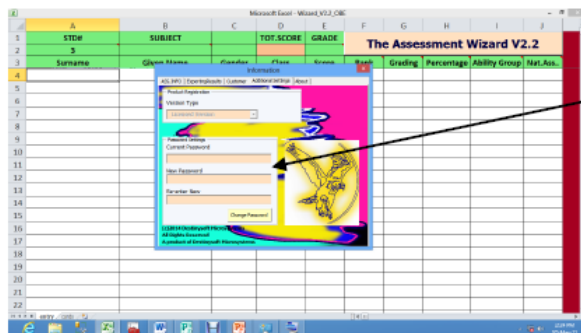

Password is required in order to process important students

B) Assessment Wizard has a feature that allows the user to easily track the progress of each grade, each subject with just a button click.

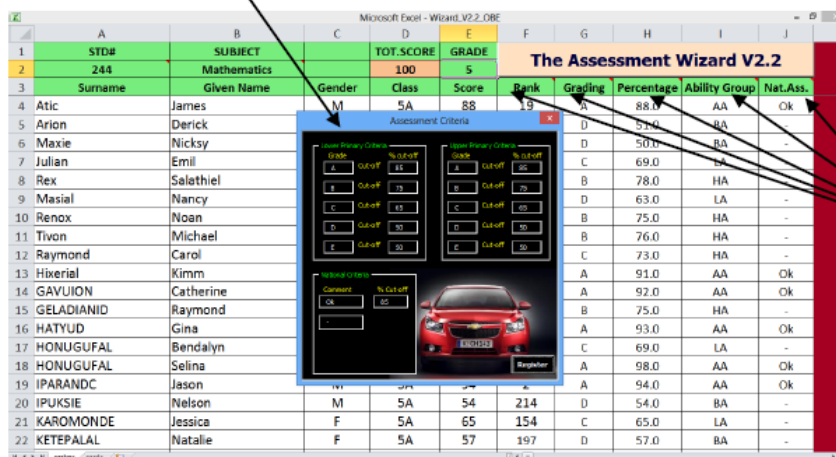

Assessment information like, top 10 students, averages per subject, per grade can easily be achieved with just one to two clicks of a button.

C) the password to accessing the assessment software can be changed easily

Password to accessing the system can be changed easily by the user

D) Assessment cut-offs and gradings can be easily set by the assessment wizard for grading of students performances.

Does five different calculations per subject, per child automatically WITHOUT the use of formulas. (ranking, grading, percentage calculations, ability grouping, national cut-off indications.)

E) Assessment Wizard is user-friendly having dialog boxes automatically appear in order to inform the user of the assessment processing status at each stage.

Notification boxes leading the user through a very user-friendly experience in doing a complete assessment for all subjects in each grade from grades 3-8

Notification boxes leading the user through a very user-friendly experience in doing a complete assessment for all subjects in each grade from grades 3-8

Does automatic backup without the user having to do it manually. This is because students marks are important and backups are very important and so the assessment wizard is programmed to do it effortlessly after all the data is processed per grade

Page 1

The system is able to automatically generate both an administrative statement of results per student for all students in the school and at the same time it can produce customized report cards based on the report card format for all schools.

## SAMPLE REPORT CARD GENERATION

## SAMPLE REPORT CARD GENERATION

1. How many years have the Assessment Wizard has been helping schools? **7 years**
2. How many schools have been implementing assessment wizard so far? **Over 30 schools so far and over 100 teachers trained**
3. What is the biggest school implementing the assessment wizard? **West Goroka Primary School, the biggest primary school in eastern highlands province with over 2055 students.**
4. What are some of the authorities who have sighted the wizard and made positive comments?
  - 1) Measurement Standard Unit, POM-Mr. Lawrence Abady SENIOR OFFICER
  - 2) Ausaid I.T Consultant attached with Education ICT (FINCORP HOUSE –5TH floor)-KAM KHADEMAZAD  
EMAIL-Kam@education.gov.pg 16th October, 2014
  - 3) Assistant Secretary I.C.T Education Department (FINCORP HOUSE –5TH floor)-- Thomas Podarua  
EMAIL-thomas.podarua@education.gov.pg 16th October, 2014
  - 4) Former director Education MADANG-Moses Sariki-foot-noted a document supporting assessment wizard for implementation in schools in Madang province-file copy of letter available. 14th October, 2015
  - 5) Provincial Planner and former Director Education –MADANG-Simon Simoi (Recommendation Letter available-FILE)  
2nd April, 2014.
  - 6) Provincial In-service Coordinator-EDUCATION –LAMANG BAWON (Recommendation letter available)
  - 7) support letters from west goroka primary, ginitoka primary in estern highlands province, and primary schools in madang available.

## 16) Ginitoka Primary School Assessment Wizard Training & Implementation –EHP

**Ground-breaking Software Innovation**

Ginitoka Primary received the training starting on Thursday, Friday, Saturday & Sunday and concluding on Monday with the awarding of Certificates by the School Inspector For Goroka Inspectorate 2

RESEARCH AND DEVELOPMENT (RAD) OF MORE ADVANCED SOFTWARE SYSTEMS FOR THE EDUCATION SECTOR AND OTHER SECTORS OF THE GOVERNMENT AS WELL AS THE PRIVATE SECTOR. TOOLS USED Visual Studio for asp.net/vb.net /c#.net technologies

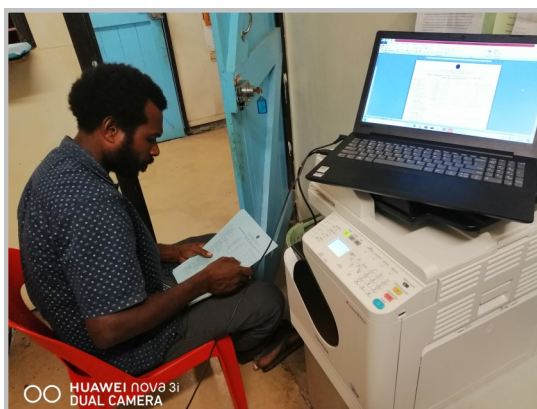

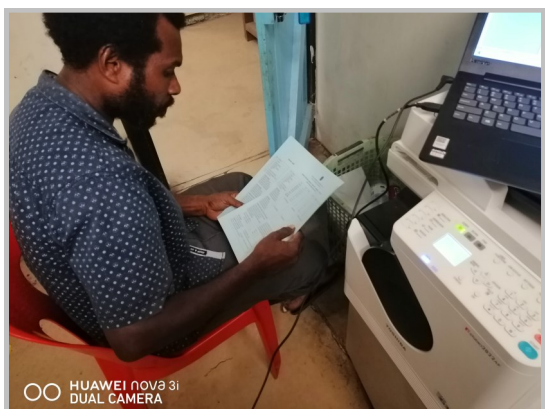

The developer for the Assessment Wizard (Destinysoft Microsystems) has been working through the years on developing systems that will greatly aid the Education sector as well as other sectors.

The work for the assessment wizard for a newer version is already set into motion that will see the development of its client-server app that will integrate both desktop/mobile and web app and a cloud deployment in the near future for cloud-backups and centralized data saving and extraction purposes.

After the training, Sagalau Primary School was able to print out 799 report cards automatically, generated by the Assessment Wizard. The software was also able to give the full assessment information like averages per subject-per grade, top 10 students per subject-per grade, and national cut-off indications. May 31st, 2021

Lutheran Day Primary School Training. 1st and 2nd June, 2021. The school which has approximately 1,500 students

18 schools representatives from Bugazim Cluster collectively, Raicost District, Madang Province. Arrangement was made by the provincial In-service Coordinator together with their Inspector-approval was granted by the Director Education and Regional TSC Commissioner. 3rd and 4th June, 2021

For more information about Assessment ground-breaking software system please do not hesitate to contact the developer of the software on 71214977 email / [destinysoft.microsystems@gmail.com](mailto:destinysoft.microsystems@gmail.com)

We are also on face book page name: Assessment Wizard

Or follow this link for detailed information and access some video trainings including the full news about the wizard on MTV

Through this link: <http://www.geocities.ws/kskalai/assessmentwizard/>

Or alternatively videos on the wizard trainings to some schools can be accessed on youtube by typing 'Assessment Wizard' on youtube search box.

ASSESSMENT WIZARD IS GAINING MOMENTUM EVERYTIME, REACHING OUT TO EVEN PORT MORESBY SCHOOLS NAMELY, BAVOROKO PRIMARY, GEREHU PRIMARY, BOREBORA PRIMARY. Invitations from National Capital District schools and most recently the director for education in a province (*information about it will be disclosed after the full implementation and documentation*) is set for the Assessment Wizard to be showcased with the intention for a full scale implementation to schools within the province to help uplift the standard of education within that province.

Assessment Wizard has the feature to help grade 8 teachers track, monitor and prepare grade 8 students to excel in their grade 8 examinations. It has proven testimonies of such help it has provided for certain schools

A full scale of 1 week training is a REQUIREMENT to help schools raise their standard of academic performances.

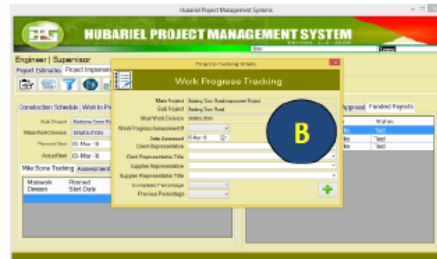

## ANOTHER SOFTWARE PRODUCT BY DESTINYSOFT MICROSYSTEMS

### Hubariel Project Management Systems.

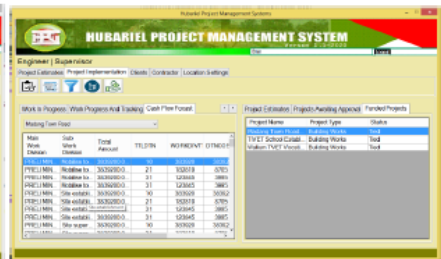

Another ground-breaking software innovation is the 2 years research and development of Hubariel Project Management Systems that is now into negotiations in a pilot implementation that will see the advancement in registering, tracking and reporting multiple infrastructural projects simultaneously. The system has been presented to the office of the Prime Minister in 2020 in the presence of the National Executive Council.
